

HELP OUR SCHOOL

Dear Supporter of Holt Lutheran Schools,

We have playground equipment sitting in our pole barn that many students and parents would like to be installed and used for the beginning of the school year. Through a few generous individuals, they are willing to each match anything we receive, up to \$1,500 each. We need \$4,500 to install the playground equipment. I am asking you, as your new leader of Holt Lutheran Schools, to pray and talk it over with your spouse and family and donate a few dollars. If we can get everyone to donate something, we will have enough money before we know it. I appreciate any donation that you can give. To get the ball started, my family has already donated.

In God,
Daniel Burk
Principal
